ELITE CERTIFICATION

Concept behind ELITE Certification

ELITE Certification

- stands for **E**uropean **L**earn **IT** **E**asy Certification
- Validates non-formal and in-formal learning on implementing successfully European Funded Projects
- 975 bn € funds for 2007-2013 should be managed soundly and professionally
- European funded projects experience further peculiarities in their implementation (networking, writing skills and communication skills in foreign language, familiar with EC jargons and EU legal issues and decision mechanisms, European IPR models, joint implementation across Europe etc)

ELITE CERTIFICATION

Basis of ELITE Certificate

- Assessment of learning outcomes obtained from courses on Planning and Managing European Funded Projects
- Aligned with our (e-)course “
Successful Planning and Management of European Funded Projects”
- More than 650 participants from all over Europe have completed our course since 2009
- It is based now on interactive hands on practice sessions with immediate impact and applicability to participants
- So ELITE Certificate certifies what you can do and not what you have learned on managing European funded projects

Basis of ELITE Certificate

Course on managing european funded projects

Assessment of learning outcomes through ELITE Certification

LEARN WITH EASY

ELITE CERTIFICATION

Structure of ELITE Certificate

Pre - Requirements

- A certificate of successful participation on a course for managing european funded projects
- Be involved in the implementation of a european funded project any time during the last 2 years

Support before assessment: Access to our reference online training material

Successful Assessment requirements

- **1st Step:** Pass written exams (above 62% through our online system within 3 hours – 2 attempts). Exams are essay type questions
- **2nd Step:** Pass oral exams (receive a grade above 75%) A session of around 60 minutes run virtually by an expert

Important: Assessment profile focuses heavily on how to handle situations within project planning and management and not on theoretical content
